

Welcome to the Wildlife Evening

# Purpose of the Session

- To establish wildlife “research groups”

# Educational Remit

To encourage adults (and children) to learn about and appreciate the wildlife in Flora (and Fauna)

# Wildlife Monitoring

Requirement of funding to show that we are developing the area into a nature reserve. This includes targets for:

- 1.wild flowers
- 2.birds
- 3.other fauna ?

# How Are We Doing This?

1. Wildflower surveys in May – June
2. Breeding Birds Surveys, 2 or 3 times per year
  - These go onto the website
  - Any-one can join in

# Other Opportunities

- Group sessions in Go Wild or Bioblitz
- Individuals informing us via the blog of what they spot

# Guidelines for This Evening's Task

- Split into relevant groups
- Discuss what to look out for, when and where
- Decide on how to record this
- Devise a calendar /action plan for monitoring recording and disseminating
