

## FLORA Metal Finds 10 Jan 2014

The coins date from circa 1700, George I, II, III, V, VI, through to modern day, and include the two large "cartwheel" pennies of Geo III, c1797.

Two silver sixpences of George V, 1928 & 1930.

Small weight is Georgian, 1/4oz.

Harness fittings, shoe buckle are the other items, including the piece on the left. This is a leg / foot, from a Medieval cooking pot / skillet, probably 14th-15th century

Items found by Lancaster metal detectors.
